## **Cybernetics and GHA Technologies Team Up for iSCSI SAN**

---

February 20, 2008, Yorktown, Virginia – Cybernetics and GHA Technologies have announced a new partnership agreement. GHA is a certified partner and authorized reseller of Cybernetics iSAN® line of iSCSI SAN virtual tape and storage solutions. IT budgets are tightening as performance expectations soar, and Cybernetics virtualized storage and backup solutions are designed to meet the challenge.

GHA Technologies has an incredibly tech-savvy sales force with locations all across the continental US and Hawaii. From requirement analysis to solution design to implementation, GHA is there to answer the questions and to blast through the obstacles to make it all happen.

The synergy of the Cybernetics and GHA partnership represents an outstanding value for businesses seeking more for their IT dollars. GHA provides solution consulting to ensure full requirements coverage, and the Cybernetics iSCSI SAN product line meets the demands for performance at an affordable price.

Based in Yorktown, Virginia, since 1978, Cybernetics manufactures, supports, and services a complete family of disk-based storage and backup solutions. Cybernetics is recognized in the United States and around the world as a pioneer in data storage technology, specializing in industry-first features that vastly improve the performance of tape and disk subsystems.
